TigerNet 2.0

FAQ FOR USERS

1. What is TigerNet 2.0?
TigerNet 2.0 is an updated platform replacing the current TigerNet, now hosting our group's website.

2. How do I login to TigerNet 2.0, and do I need to log in to access it?
Some features of our website will only be available if you are logged in. The login button is always located in the upper right corner of every page on TigerNet 2.0. The first time you log in, you will be asked for some establishing profile information, and then you will log in using your NetID and password (the credentials you currently use to access TigerNet).

3. How do I view the websites of other groups on TigerNet 2.0?
Visit https://tigernet2/princeton.edu to view all group websites that have already been migrated to the new system. You can also click the Princeton University Alumni logo in the upper left corner of all of our website's pages to navigate to the main TigerNet 2.0 landing page.

4. What new features are available on TigerNet 2.0?

Available now:
Our group's website is now hosted on TigerNet 2.0. In addition to learning more about our group, you will now be able to:

- Post, like and comment on the Live Feed, a tool similar to a Facebook Timeline
- View and RSVP to events
- Download photos and files from the Media Center
- (For some groups who are using the new dues/memberships feature) Easily check whether you have paid your dues by clicking "My Memberships" on your profile dropdown, and download receipts by clicking "Payments" under "My Settings"

Available in 2022:
The full alumni directory, including all features of your TigerNet profile, and discussion groups will be moved from the current TigerNet to TigerNet 2.0.

5. How do I access the alumni directory and discussion groups in the meantime?
You can continue to use the current TigerNet to access the alumni directory, make changes to your profile and participate in discussion groups.

6. I need to reset my password or have general TigerNet questions.

Please visit the current TigerNet to view a full TigerNet FAQ, including instructions for resetting your password and contact information for the TigerNet Help Desk.
