

# BECOME A GENDERPRO

*Gain expertise in evidence-based strategies to integrate gender into your work!*

**The GenderPro Capacity Building Programme is a first-of-its-kind course designed to strengthen, professionalise, and standardise the gender and development field. GenderPro equips international development professionals with the best evidence-based approaches to improve the lives of women and girls around the world.**

## THE GENDERPRO COURSE WILL:

- Teach you how to integrate evidence-based gender equity strategies and interventions into your existing work.
- Use cutting-edge adult learning principles and technologies to mix self-paced asynchronous online learning and synchronous live learning sessions with an expert instructor.
- Deepen your knowledge and skills through an applied learning project, the Action Learning Project, based on an existing or new project of your choosing.
- Give you the knowledge to obtain the GenderPro Credential, the field's very first accreditation of internationally recognized professional competency.
- Help you build an international network of development professionals focused on gender issues.

## ENROLLMENT DETAILS AND REQUIREMENTS:

Our 15-week course includes:

- Six core modules to gender and development
- Interactive case studies and sector-specific examples
- 90 minutes per week online learning and live sessions
- An Action Learning Project and assigned recordings

### Eligibility:

Mid- to senior-level professionals focused on international development, gender, or humanitarian efforts seeking to build proven gender equity strategies into their work.

### How and When to Apply:
