

EcosySTEM Student Ambassadors

Be a leader. Explore STEM. Make a Difference.

Join the Idaho EcosySTEM Student Ambassador Program!

Are you curious about STEM careers? Do you want to make an impact in your community and at your school? Do you want to meet new people, explore cool careers, and grow your leadership skills? Then join the Idaho EcosySTEM Student Ambassador (IESA) Program!

IESA is an initiative aimed at empowering students in grades 6-12 to become advocates for STEM in their school, community, and beyond. Through this program you'll build confidence and leadership skills, connect with peers and industry professionals, discover STEM careers you never knew existed, and inspire your friends and community with STEM.

What You'll Do as a Student Ambassador

Lead a STEM Project- Complete a meaningful project that supports STEM learning.

Go on an Industry Tour- Learn about cool STEM careers here in Idaho.

Interview a Leader- Talk to a leader in your community and learn from their story.

Scan the QR code to get started!

How to Get Started

1. Talk to your parent/guardian- Make sure they are okay with you joining the program.
2. Find an Adult Mentor- This can be your teacher, librarian, out of school staff, family member, or trusted adult who can support you in the program.
3. Fill out the online sign up form- You'll need a personal email address
4. Once you fill out the form, our team will reach out with final steps of registration. It's that easy!
